

# Resort Report

Klines Resort - October 2018 Update

**PFAS Testing:** The DEQ is sampling the resort water supply for PFAS on October 3. Results take 6 to 8 weeks; we will inform you of results when available.

**Storage Area Fees:** Your annual storage lot fees are posted on the October statement. Inform the office ASAP if you were billed incorrectly.

**Protect our shores:** Please raise your docks and other items off the ground so you do not kill the grass.

**Place docks away from shore & above high water line.** Paddleboats, canoes, small boats, etc. should be placed in storage (they may fit under your pontoon).

**Winter billing surveys** are due October 15. Be sure to give us any winter address changes and your email address! Seasonal rent is due Nov. 1.

**Winterizing requests are due** 2 weeks prior to departure. Please sign & return the written form.

**Shrink Wrap for your Pontoon or Boat!** Call Rex Rork for pricing or to schedule. 269-217-5040.

## Mailbox Security Update

On the night of Sept. 5, mailboxes around the resort were emptied and an unknown number of letters stolen. We have since learned that some of the resort mail was found along the roadside; it is being investigated and will be returned to the rightful owners if possible. The theft is believed to be the work of a group that has targeted rural mailboxes around the area.

In response, the Postmaster has agreed to allow us to purchase a locking **drop box for outgoing mail**. This is being ordered and will be installed near the office mailboxes as soon as possible. The Resort has also contracted the installation of a **security camera system** that will cover the entry area, office, storage area, shop, dumpsters, and several other locations around the community.

While we hope these will be a deterrent, they will not be fool-proof. We will not be able to capture every location and it will have limited ability to identify license plates, faces, etc.

So each of us needs to assume personal responsibility to protect our belongings. We recommend that you:

- Never leave mail in mailboxes overnight.
- Never place cash, gift cards, or valuables in mailbox; take them to PO for tracking numbers and insurance.
- If you frequently receive medications or other parcels in the mail, consider renting a PO box in town.
- **Always lock, secure and insure** your cars, homes, sheds, boats, golf carts, etc.

## Fall Leaf Pickup

Pickup crew begins after Oct 29. Until then, if you wish to pick up leaves **please bag them OR take**

**them to compost area**. Curbside pickup is Mon & Thurs mornings. Place bags in yard. Do not block sidewalks or streets. **Please do not pile leaves in street** where they get wet and frozen. Thanks!

**Prepare your yard for leaf pickup:** Hoses, lawn ornaments, fire pits, and other obstacles can get lost in the leaves and create a hazard for our crew and equipment. **Please put everything away or flag** so it can be identified if covered with leaves. Thanks!

*Wayne Says....*

**Golf Carts should be fully charged for winter storage.**

**Then disconnect cart from charger. It could cause a fire!**

## Stay updated all winter!
