Klines Resort - August 2021

(269)649-2514

Lock It or Lose It

Larcenies are on the rise around the area, and sadly the Resort is not exempt. **Don't make yourself an easy target.** Here are some tips from Schoolcraft police chief Scott Boling:

1. Lock your car! Your boat! Your shed! Your house! The vast majority of larcenies are from unlocked vehicles, buildings, boats and RV's.
2. Never leave keys inside the vehicle. Don't use a hide-a-key. Thieves know where to look!
3. Never leave valuables in sight. Even hidden under a blanket, thieves will be tempted. Even loose change invites theft.
4. Thieves will use flashlights to see thru tinting.
5. Remove valuable papers from the glove box. Never leave a title, checkbook, gift cards, wallet or purse.
6. Keep good records of valuables (serial numbers, values, etc.) in case you need to report a loss to the police or your insurance.

Boats are especially tempting. Secure gas tanks with padlock and chain. Keep batteries secured (bolted) in their compartments. Remove fishing tackle. Lock storage seats and boxes. Remove trolling motors.

If you are the victim of a crime, please report it to both the office and the sheriff's department. This helps us track activity and better focus resources where needed.

Thank you Kali & Gabrielle!

It's already time for our summer helpers to move on. So here's a big shout out to the hard working gals on our 2021 crew!

Kali Heivilin is a 2021 Three Rivers HS graduate. As a senior Kali set a new state record for most home runs in a season. She racked up many awards including athlete of the year. Watch for her rising star as she heads to the U. of Alabama to play softball in the heat.

Gabrielle Charvat is another star student athlete, and will head back to TRHS as Junior class president. You might spot her serving at the Appreciation Dinner in August. Her brother Gavin has also been helping this summer.

Both Kali & Gabrielle have grandparents who live here at the Resort. We are very fortunate to have had their help this summer, and wish them every success.

Kali, Mark & Gabrielle

Phil's Corner

It was going to be the highlight of our summer: a week of back country camping, biking, hiking and climbing in the Utah wilderness. From St. George, we would head first to Bryce Canyon, then to the back country of Zion National Park. Our outfitter - Escape Adventures - would supply the bikes, the gear, the food. We just had to prepare.

Preparing is exactly what we were doing when it happened. We'd been riding the trail at Meyer Broadway park for weeks, and we were feeling good! But for a momentary lapse; a missed turn; a crash; and a broken collarbone.

Joseph handled it like a trooper. ER, then bone doctor, then trauma surgeon. Unlike most collarbone fractures, this one required a special plate that will need to come out in a few months. Looks like he's off the bike for the rest of the year.

If I've learned anything in this era of Covid, it's to take nothing for granted. Our health, our plans, our hopes, our dreams... are really not in our hands. Whatever disappointment comes my way, I hope I

can remember that my life and times are in His hands, my plans are subject to His will, my hope rests on His eternity.

Thanks for all the prayers and encouragement for Joe. We're so thankful! God Bless,

Phil

Covid Update

We are continuing our policy of discouraging large groups from gathering inside the clubhouse. Please reserve the tent for your gatherings.

However, starting in August we are opening the dining room and the fireside room for reservations **at approx. half occupancy:**

- Dining room parties may not exceed 60 people.
- Fireside Room parties may not exceed 24 people.
- After the tent comes down in Sept, the basement rec room may be reserved for up to 36 people
- We continue to require masks for unvaccinated people inside clubhouse common areas.
- Please limit your party to the room you have reserved. Guests should not freely roam building.

Thanks for your patience as we continue to prioritize the safety and health of our residents.
