Residents of the Resort shall not use Davis Drive for ingress and egress to Klines Resort or for recreational purposes, and may only use Davis Drive if they are guests or invitees or a lot owner in Summer Haven Subdivision."

**Davis Dr. is the dirt lane that runs along the Resort's north property line. This notice is an annual requirement of our agreement with several of our Davis Drive neighbors. Please respect their desire for privacy. Should you encounter problems with any of these neighbors, please do not confront them and report the incident to the office.**

# Phil's Corner

fic, and the new pet shelter was receiving its first guests. Heavy downpours drenched those arriving after me.

The storm was over in minutes. But a blast of wind tore a path from NE Three Rivers (where 18 trees blocked my friend Bruce's driveway) directly to our barn at Silver St and thru the park.

We lost over 200 trees. Most of the damage was away from homes and buildings; thankfully no one was injured. Chris Yoder's home suffered the worst damage (and the biggest scare, I bet).

Help came almost as quickly as the storm. Within an hour, Mark & Lisa - who had lost power at their home - were here to assess the damage. Friends jumped in to help Chris Yoder clean up, and her insurance agent came that same evening.

Mark began clearing roadways the next day, supported by our great crew.

Henckel's Tree Service brought a crane to lift trees off several buildings. Kip Martin's crew from H& K Excavating brought in the big equipment Wednesday morning, and began the heavy work along the road. Scott Smoker repaired damage to a garage within days. Bill from the Postman had his crew here to fix the fence as soon as we had the trees lifted off of it. We are so blessed and thankful!

Of course, much more work remains, and we are a bit behind our normal spring preparations. But it could have been so much worse! And it was a great reminder of the need to be prepared.

"Thanks" to all of you who have helped and expressed support. I don't know what my Dad would have said, but I know what he would have done: put on his coveralls and gone to work. What a great example for us all! God Bless,

Phil

Joseph & Tama help clear debris off the road.

Dee Blair's shed took a hit from a wind topped tree.

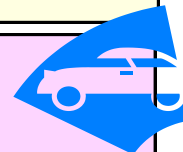

The siren sounded at 5:30 pm on Sunday, April 30th. By the time I arrived at the clubhouse, volunteers were already guiding traf-

### Have a new or different Vehicle or Golf Cart?

Window stickers available at office.

**Proof of insurance required to register golf carts.**

Please display stickers by Memorial Day weekend.

**Overnight guests** need a hanging tag from Memorial Day thru Labor Day. Call office & we will put in paper tube.

**If it's not TP or Poo,  
Do not put it in the Loo!  
If by accident you Do,  
Fish it out, or we have To!**

So called  
"flushable" wipes  
and cleaning  
products result in  
clogged pumps at  
our lift stations.

Cleaning the pumps exposes us to hazards & wastes time & money. Please put all "flushable" products in the trash - not the toilet!

## Tornado Siren: Please follow these guidelines:

- Follow directions of volunteers.
- Use lower parking lot first.
- Do not block street or sidewalks! Always leave a path for emergency personnel & to allow traffic to pass.
- Pet Shelter is available. Please have a pet carrier for your pet. Teach your pet to go into carrier when siren sounds. Pet shelter door is just north of the double doors at bottom of steps. Sorry, pets are not allowed in the basement people shelter area.
- Do not rely solely on the siren. Use a weather alert radio, cell phone app, local tv station or other device.
- Help your neighbors: If someone close by will need assistance, pre-plan how you can help. If you need assistance, make arrangements with a neighbor.

No pets, golf carts, skateboards, bikes, etc. allowed on the tennis / pickleball courts.

Sorry, no pets or golf carts are allowed on playground and beach.
